

Announcements for Communicating a 100% Tobacco-Free School Policy at School Sporting Events

School sponsored athletic events are an opportunity for students, staff and community members to have fun, celebrate student athleticism and enjoy the excitement of competition – not be exposed to secondhand smoke or examples of tobacco use. We encourage school district staff to use these events to remind students, staff and school supporters that the district has a 100% tobacco-free school policy in place – one that prohibits tobacco use anywhere on campus, at anytime, by anyone. Regular announcements at football, soccer, baseball and other athletic events are a simple and effective strategy for getting the message across, especially when used in combination with signage and information in event brochures.

Effective Use of Announcements

Advocates and school staff provide the following suggestions for using announcements to effectively communicate a tobacco-free school policy:

- **Positive, pro-health announcement:** Announcements should be positive – reminding visitors that the policy exists to protect the health of students.
- **At least four announcements:** Provide at least four announcements – at the beginning of the game; end of the first quarter; half-time; and end of the third quarter – to ensure everyone is aware of the policy.
- **Youth participation:** Invite youth groups such as Teens Against Tobacco Use (TATU) or Students Working Against Tobacco (SWAT) teams to create and make the announcements.
- **Support the announcements:** Have prominently displayed signs and announcements in event brochures that reinforce the announcements.

Sample Announcements

Following are sample announcements for you to modify and use these at your school sponsored athletic events:

- **15 seconds:** For the safety of our students, (Name of school district) is proud to have a 100% tobacco-free school policy.
